

A MAP OF DAYS

The map is a complex, winding path through a landscape of various scenes and symbols, representing the journey of a day. The path is marked with a thick black line and is surrounded by numerous small illustrations and text labels. The map is divided into four quadrants, each with its own set of scenes and symbols. The top-left quadrant shows a person's face and a small house. The top-right quadrant shows a person's face and a small house. The bottom-left quadrant shows a person's face and a small house. The bottom-right quadrant shows a person's face and a small house. The map is a detailed, satirical representation of the human condition and the passage of time.
